

GROUP 5: Javier Lougedo, Victor Yrazusta, Alejandro Pascual, Eric Morales.

| Task Name  | Start Date   | End Date (expected) | Duration (Days) | Days Complete | Days Remaining | Percent Complete |
|--|--------------|---------------------|-----------------|---------------|----------------|------------------|
| Task One - (modify space to include if illuminated or not)               | 10/04/2018   | 13/04/2018          | 3               | 0,00          | 3,00           | 0%               |
| Task Two - (modify space so that it has two new directions, up and down) | 13/04/2018   | 18/04/2018          | 5               | 0,00          | 5,00           | 0%               |
| Task Three - (modify space to include a detailed description)            | 18/04/2018   | 22/04/2018          | 4               | 0,00          | 4,00           | 0%               |
| Task Four - (modify object to have new fields)                           | 10/04/2018   | 14/04/2018          | 4               | 0,00          | 4,00           | 0%               |
| Task Five - (modify object to have a new description wen moved)          | 14/04/2018   | 19/04/2018          | 5               | 0,00          | 5,00           | 0%               |
| Task Six - (modify check with the previous task)                         | 19/04/2018   | 23/04/2018          | 4               | 0,00          | 4,00           | 0%               |
| Task Seven - (Create a new command to turn on and off objects)           | 23/04/2018   | 27/04/2018          | 4               | 0,00          | 4,00           | 0%               |
| Task Eight - (create a new command to open closed links with objects)    | 23/04/2018   | 28/04/2018          | 5               | 0,00          | 5,00           | 0%               |
| Task Nine - (modify the data.dat for given changes)                      | 15/04/2018   | 18/04/2018          | 3               | 0,00          | 3,00           | 0%               |
| Task Ten - (create an adventure with 10 spaces and 20 objects)           | 10/04/2018   | 15/04/2018          | 5               | 0,00          | 5,00           | 0%               |
| Task Eleven - (create a user guide with necessary things)                | 10/04/2018   | 14/04/2018          | 4               | 0,00          | 4,00           | 0%               |
| Task Twelve - (change game_reader to game_management)                    | 10/04/2018   | 18/04/2018          | 8               | 0,00          | 8,00           | 0%               |
| Task Thirteen - (create load and save commands)                          | 10/04/2018   | 15/04/2018          | 5               | 0,00          | 5,00           | 0%               |
| Task Fourteen - (create dialogue module)                                 | 10/04/2018   | 15/04/2018          | 5               | 0,00          | 5,00           | 0%               |
| Task Fifteen - (create a non-deterministic game-rules)                   | 20/04/2018   | 25/04/2018          | 5               | 0,00          | 5,00           | 0%               |
| Task Sixteen - (document using doxygen)                                  | 10/04/2018   | 05/05/2018          | 25              | 0,00          | 25,00          | 0%               |
| Task Seventeen - (modify Makefile)                                       | 10/04/2018   | 13/04/2018          | 3               | 0,00          | 3,00           | 0%               |
| Project total (& Debug)  | 10/04/2018   | 05/05/2018          | 25              | 25,00         | 0,00           | 100%             |
|  |              |                     |                 |               |                |                  |
| Members  | MEMBER COLOR |                     |                 |               |                |                  |
| Eric Morales   |              |                     |                 |               |                |                  |
